FITS FRONT & REAR
CARRIERS

WARNING: This product is designed for carrying backpacks and shopper bags with a maximum load of 15 kg. It is strictly prohibited to use this product to transport people. Failure to follow this warning may result in injury, property damage, or serious and potentially fatal accidents.

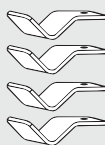

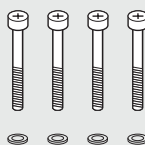

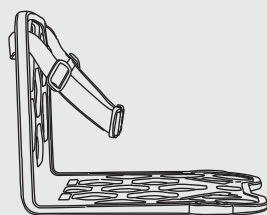

WARNING: Fasten the waist buckle of the safety harness to prevent the straps from dangling or coming into contact with moving parts of the bicycle, such as the wheels and brakes, which could pose a hazard to the cyclist.

WARNING: Ensure that the straps of any backpacks or other carried items are kept away from the bicycle's moving parts, such as the wheels and brakes, to prevent entanglement and reduce the risk of injury.

WARNING:

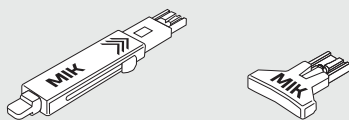

Tighten the four screws alternately in a cross pattern using the No. 4 Allen key. Apply a torque of 4 N·m to securely fasten the Pack Mate to the carrier. Do not fully tighten any screw before tightening the others. Ensure proper alignment to prevent cross-threading.

2

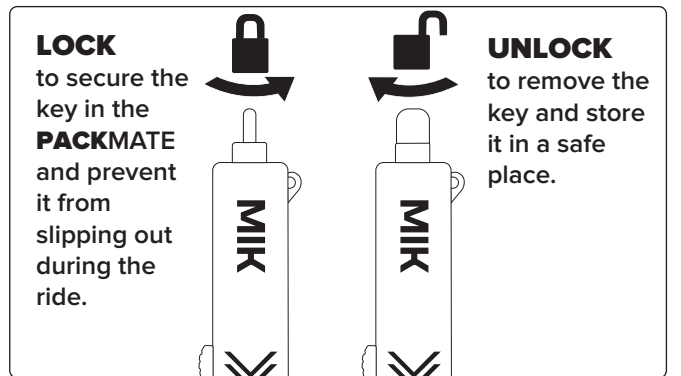

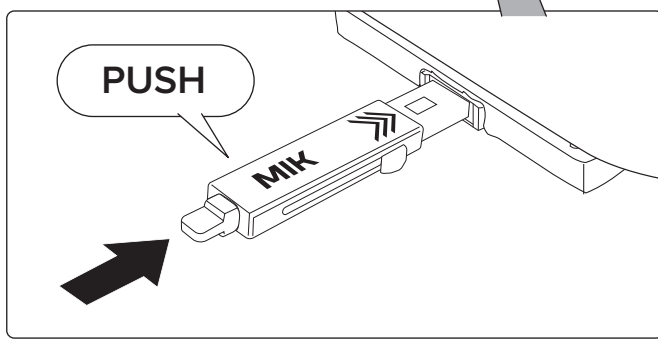

Push the key in and push the **PACKMATE** down until it clicks. THE **PACKMATE IS LOCKED**.

OPTIONAL

Keep the key in the **PACKMATE** or store it in a safe place.

LOCK
to secure the
key in the
PACKMATE
and prevent
it from
slipping out
during the
ride.

UNLOCK
to remove the
key and store
it in a safe
place.

TO REMOVE

You always need the
key to unlock the
system and release the
PACKMATE from the
MIK/MIK HD carrier.
